Force Protection Defined

MSTP

- Force Protection: Security program designed to protect service members, civilian employees, family members, facilities and equipment, in all locations and situations, accomplished through planned and integrated application of combating terrorism, physical security, operations security, personal protective services and supported by intelligence, counterintelligence and other security programs.

JP 1-02

Force Protection

MSTP

- Force protection is a responsibility of command, not a separate mission
- Outside the context of AT, force protection includes actions taken to prevent or mitigate hostile actions against DOD personnel, resources, facilities, and critical information
- Force protection does not include actions taken to defeat the enemy or protect against accidents, weather, or disease

JFLCC Handbook

Force Protection

MSTP

- Force Protection consists of those measures taken to protect the force's fighting potential so that it can be applied at the appropriate time and place
- It includes those measures the force takes to remain viable by protecting itself from the effects of enemy activities and natural occurrences.
- Force Protection safeguards friendly centers of gravity and protects, conceals, reduces or eliminates friendly critical vulnerabilities

FP Planning In The MCPP

MSTP

Pre-OPT Preparation

MSTP

- MAGTF Force Protection Officer with designated reps:
 - Intel/CounterIntel, Engineer, Legal, Law Enforcement, Antiair, Health Services, NBC, etc
- Review theater Force Protection policies
- Review MAGTF policies and SOPs
- Analyze coalition partner FP capabilities/limitations
- Begin Risk Assessment:
 1. Threat Assessment
 2. Vulnerability Assessment
 3. Commanders Assessment

Risk Assessment

MSTP

- Threat assessment
 - Existence:
 - Threat is present or able to gain access
 - Capability:
 - Assessed or demonstrated
 - Intentions:
 - Demonstrated or stated
 - History:
 - Activity over time
 - Targeting:
 - Credible indications of preparatory intelligence that attack is imminent

Risk Assessment

MSTP

- Vulnerability assessment
 - What units, installations, systems, and functions are vulnerable
 - Criticality:
 - Rank vulnerable assets by criticality to the mission
 - Identify actions to mitigate

Mission Analysis

MSTP

IPB

Identify tasks

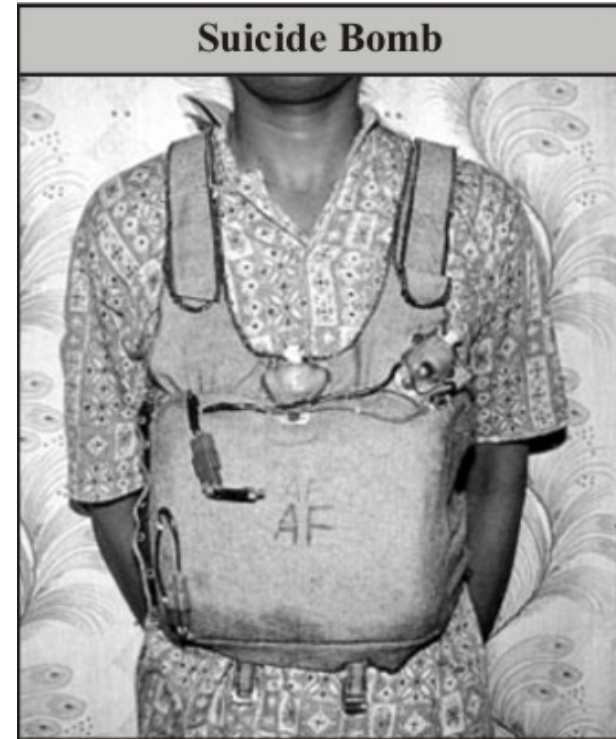

COG/CVs

Available Assets

Resource/SME Shortfalls

Limitations

CCIRs

MAGTF FPO completes Risk Assessment.

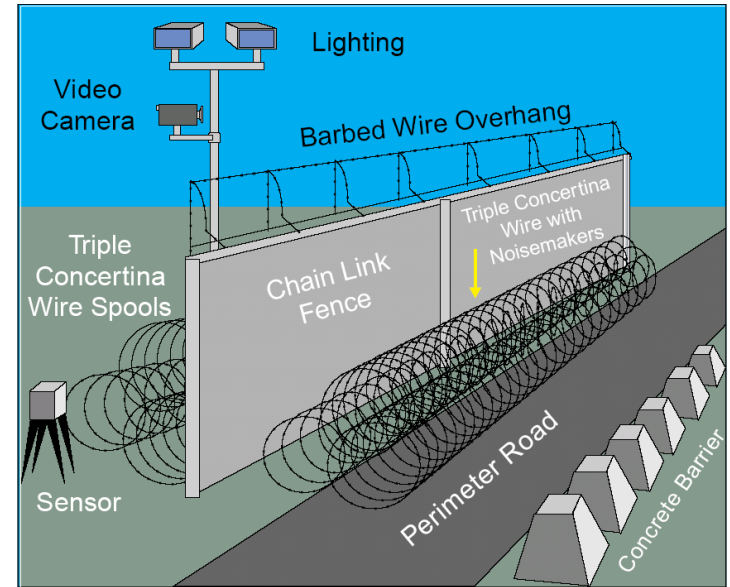

1. Threat Assessment
2. Vulnerability Assessment
3. Commander's Assessment

COA Development

MSTP

- Update IPB
- Display friendly forces
- Assess relative combat power
- Refine COG/CV analysis
- Develop COAs w/supporting concepts
- Rules of engagement
- FPO develops:
 - Concept of Force Protection
 - Priorities
 - Tasks

COA War Game

MSTP

- Friendly Critical Vulnerabilities are realistically stressed
- Determine if planned protection measures are feasible and effective

COA Comparison And Decision

MSTP

- Force Protection Officer addresses risks to COG and CVs
- How Concept of Force Protection will be implemented

Orders Development

MSTP

- Force Protection Officer prepares Appendix 15, to Annex C, Force Protection
- Participate in Orders Crosswalk and Orders Reconciliation

Orders Crosswalk
